COMDEX ranking is a composite of all the ratings that a company has received from A.M. Best, Standard & Poor's, Moody's and Fitch. It gives the company's standing, on a scale of 1-100, in relation to all other companies that have been rated by the rating services. A company needs to be rated by at least two rating services to receive a COMDEX.

Ratings reflect the opinions of the rating agencies and are not implied warranties of an insurance company's ability to meet its financial obligations to policyholders.
